

Veterinary Clearance Certificate (TB)

Horse	Trainer	
Exam location	Date	Time
Microchip No.	Brand left	Brand right
Sex	Colour	

I certify I have recently (within 24 hours) examined the above named horse for the following recorded injury, illness or condition:
To check current embargoes, please search the horse's name at <https://racingaustralia.horse> and click on the 'embargoes' tab

Or, as per [Racing Australia's Codes of Practice](#), please state the reason(s) for providing the veterinary clearance:

☐ Not started in over a year* ☐ 12 years of age ☐ Arrhythmia ☐ Reinstatement* ☐ Fracture/orthopaedic*

* Please provide any reason(s) for the horse not starting in over a year, retirement, details of orthopaedic conditions, or any other relevant veterinary information, including key diagnostic findings where applicable:

Please specify the horse's level of training at the time of this veterinary examination:

☐ Light (walk and trot) ☐ Moderate (canter and slow gallop) ☐ Intense (strenuous gallop)

I confirm that I have thoroughly examined the horse and am satisfied for it to resume or continue training at the following level:

☐ Moderate (canter and slow gallop) ☐ Intense (strenuous gallop) ☐ Barrier Trial and Racing

This opinion is based on the following examination(s) and/or diagnostic procedures (refer to examination reference guide):

☐ Physical examination ☐ Cardiac auscultation ☐ Standing endoscopy ☐ Radiography
☐ Trot-up examination ☐ Resting ECG ☐ Dynamic endoscopy ☐ Ultrasound
☐ Limb flexion test(s) ☐ Exercise ECG ☐ Oral/Dental examination ☐ Scintigraphy
☐ Objective gait analysis ☐ Post-exercise ECG ☐ Blood sample analysis ☐ MRI or CT
☐ Regional anaesthesia ☐ Echocardiography ☐ Hair sample/skin scraping *If other, comment above*

Please initial each statement below. If you disagree with any of the statements, please explain why in the space provided above:

To the best of my knowledge, and after due inquiry and record review, no treatment or procedure administered within the preceding 24 hours, or outside that period where it may affect the validity of my clinical assessment, has occurred.

There are no clinical or historic findings that warrant follow-up examination or further diagnostic investigation(s).

On observation of the horse trotted in hand on a firm level surface, there is no lameness or appreciable abnormality that would render this horse unsuitable to return to training, barrier trial or racing.

The horse has been provided with a sufficient rest period for recovery/rehabilitation relevant to the condition.

I have no conflicts of interest* that could influence, or be perceived to influence, my ability to conduct this examination and issue this veterinary clearance objectively.

* **Conflicts of interest** include any personal or financial interest, ownership by a relative, or association with the trainer, owner, or others connected with the horse that may affect impartiality. A recognised veterinarian-client-patient relationship is excluded. Where a conflict exists, certification must be by an independent veterinarian.
